

SUNDAY SCHOOL DRIVE STARTED AT BOYS' DINNER

Membership Campaign Is Launched At Meeting Of Older Boys Sunday School Federation at Y. M. C. A.

More than 140 high school boys of Phoenix and adjoining territory attended a banquet at the Y. M. C. A. last night, given by the Older Boys Sunday School Federation and at which a gigantic membership drive was launched. The boys represented Sunday school classes here and in the rural districts adjacent.

R. C. Stanford, judge for Division 1 of the Maricopa county superior court, was the principal speaker of the evening and he talked interestingly on the subject of the boy's ideals. Judge A. G. McAllister of the state supreme court was named as judge of the membership contest. Every Sunday school in the city will participate in the membership campaign, which officially opens next Sunday. It has for its purpose the enrollment of every school boy or boy of school age in some Sunday school of the city.

The contest will be in the form of an airship trip to Phoenix, Oregon, and return. Each new member will count a certain number of miles on the trip. Re-enrollment of old members will count for other mileage, and so on. The school completing the round trip first will be declared the winner and will be guests of honor at a banquet to be served at the expense of all the losing classes. M. A. Diehl, Phoenix merchant, has donated a beautiful loving cup which will also go to the winning team. Reports of progress in the drive will be made to Judge McAllister by each class every Sunday morning at 11 o'clock, when attendance rolls will be submitted to him at the Y. M. C. A. A chart of the race will be maintained there.

The Older Boys' Sunday School Federation is an executive council of delegates from all of the Sunday school classes of the city. They have charge of athletics for the day schools and churches. A meeting is planned for next Monday night at which time a basketball schedule for the winter will be arranged.

'RELIEF' BILLS HELD UNCONSTITUTIONAL

That "relief bills" are contrary to the constitution and that "gifts from the state" are not permissible under the law, will be the claim advanced by the state in its appeal from the decision of Judge Stanfield in the case of Gordon H. Huntington.

Huntington, who was permanently disabled while in the employ of the state highway department, was the inspiration for a relief bill by the legislature. On the advice of the attorney general's office, the state auditor refused to recognize the claim and the matter was taken into court, where Huntington was awarded judgment against the state.

In discussing the case yesterday, George R. Hill, assistant attorney general, said that he would oppose the award on the ground that it was unconstitutional. He denounced as outrageous the condition that prevents state employees receiving compensation when disabled while in its employ.

"I believe that Arizona is the only state in the union where such a condition exists and hope the matter will be brought to the attention of the public."

COMMISSION ISSUES STAGE LINE PERMIT

The kindly spirit of the corporation commission was evidenced yesterday when it authorized the Jerome Union Stage line to operate for a period of six months between Jerome and Clarkdale, upon a two-hour schedule of service on alternate hours not used by the Verde Valley line.

"We think that justice may be tempered with mercy," stated the commission in its order. "From the standpoint of traffic and revenue there is nothing upon which we could base a finding that would justify an additional line between Clarkdale and Jerome."

In granting the permit the commission made it subject to a renewal for an additional six months if all its conditions are carried out, which have to do with insurance demanded by all lines operating under a license. The Jerome Union Stage line has figured extensively in litigation involving other lines and violations of rules and regulations of the corporation commission. It is alleged that the company has operated without a permit from the commission, a denial of which led to a bill being introduced in the legislature by Senator Burton to abolish the commission.

The order issued yesterday has been pending for some time and speculation was rife as to the position the commission would take in the matter. The company also sought to establish a passenger and freight line between Prescott and Jerome and Clemenceau, but that application was denied.

EXHIBIT WORK OF 3 TAOS ARTISTS

A public exhibition of Southwest-Indian paintings by W. Herbert Dutton and Ralph Myers, the two etchings and wood block prints by Eda Sterchi, all of Taos, N. M., will be presented in the Miller-Sterling gallery, 39 North Central avenue, from Monday, November 7, to Saturday, November 13. The following well-known club women will be patronesses: Mrs. C. F. Almsworth, Mrs. Dwight B. Heard, Mrs. John Bennett, Jr., Mrs. L. H. Chalmers, Mrs. Hugh Campbell and Miss May Noble. The exhibition will be opened on Monday afternoon with a public reception in the gallery from 2 to 5 o'clock, to which all visiting strangers as well as the art lovers of the city are invited to attend.
